A. Non Point Source Pollutant Resource Consideration Criteria (20 points maximum)											
Application is to reduce non-point source pollution from an Animal Feeding Operation (AFO), which is part of a CNMP that provides: a. Treatment/Conveyance for an existing AFO that has not been treated previously (15 points).											
(13 points).											
b. Treatment/0 (10 points).	Conveyance replacing an existing AFO facility (without expansion)										
c. Treatment/Conveyance in a new or expanded AFO facility (5 points).											
2. Application is to reduce non	-point source pollution from a cropland/pastureland operation (5 points).										
	B. Water Quality Resource Consideration Criteria (25 points ma	aximum)									
1. Application is located in a w	atershed included in the 303(d) list (10 points).										
2. Application is adjacent to an important ecological area (10 points).											
3. Application is for a non-lives	stock operation that develops a nutrient management plan (5 points).										
	C Water Quantity Resource Consideration Criteria (15 points m	navimum))								
C. Water Quantity Resource Consideration Criteria (15 points maximum) 1. Application is for a water irrigation system located in a Semiarid Upland (271) or a Semiarid Alluvial Land 273, that provides:											
		chac phovie		1							
a. Net water sa	aving of more than 15 ac-in/ac (15 points).										
b. Net water sa	aving between 5 - 15 ac-in/ac (10 points).										
c. Net water sa											
D. Soil Resource Consideration Criteria (20 points maximum)											
1. Application is to establish a	conservation management system to treat:		-								
a. The soil reso	ource concern in the whole tract (10 points).										
b. The soil reso	ource concern only in the application area (5 points).										
Application is to reduce soil (10 points).	erosion and sedimentation to an acceptable rates on highly erodible land										
	E. Wildlife Habitat Resource Consideration Criteria (5 points ma	aximum)									
	blished natural area that will be improved and managed able wildlife practice standard (5 points).										
F. Other Resource Considerations (15 points maximum)											
Application treats multiples											
2. Application is to establish co	ost effective conservation practices (5 points).										
.,											
3. Application is in an importar	nt agricultural reserve area (5 points).
